**3 FEATURES**  
make it easier for you to select the finest Gas ranges

The new Gas ranges look like pure pleasure! They cook like it, too... for the finest in today's Gas ranges come equipped with three wonderful features: 1) True top burner heat control. 2) Oven meat thermometer. 3) Rotary barbecue. See a demonstration of these features—and many others—at your Gas range dealer or Gas Company showrooms.

**1. TOP BURNER HEAT CONTROL**  
makes any pan automatic... ends pot-watching! All you do is set the thermostat. The "burner with a brain" takes over. The sensing element takes the pan's temperature constantly... turns the flame up or down as needed to maintain the exact level of heat you dialed. No boil-overs... no scorching!

**2. OVEN MEAT THERMOMETER**  
guarantees meat cooked to your order—rare, medium or well-done. Just set the meat thermometer... insert it in your roast... forget it. When your meat reaches desired doneness, oven shuts off automatically.

**3. ROTARY BARBECUE**  
lets you enjoy tender, juicy meat with delicious char-type flavor. No fuss or muss because smoke and spatter disappear in the blue Gas flame. And as with broiling, Gas lets you barbecue with the broiler door closed.

**You can win! FREE GROCERIES FOR A FAMILY FOR ONE FULL YEAR!**  
No contest to enter! Nothing to guess! Nothing to buy! Just visit your Gas appliance dealer—write your name on a registration form. Grand prize winner will receive free groceries for a family for one full year. 135 other winners will receive beautiful outdoor Gas lights for yards or patios—including normal free installation! Every entrant receives a free jar opener! Important! You'll enjoy watching a demonstration of top burner heat control while at your dealer's.
